January, 2010

Dear Member/Colleague,

On Wednesday, May 5th, 2010, the Oncology Society of New Jersey will host a scientific forum devoted to Clinical Cancer Research in New Jersey. We invite you to submit abstracts of current clinical research and/or case reports on topics relevant to hematology and oncology.

Scientific papers should be no longer than 500 words, submitted as a Microsoft word file, sent as an email attachment to Linda Bartolo, Executive Director, Oncology Society of New Jersey at lbartolo@successcomgroup.com.

The deadline for submissions will be March 25, 2010. Please include full contact information. Those who submit papers that are accepted for presentation will be asked to deliver a ten minute presentation, to be followed by a five minute discussion period. If the paper is not accepted for presentation you may be asked to prepare a poster to be displayed at the meeting. We are also encouraging participation by physicians in residency and fellowship training programs.

IMPORTANT: Please put ONCOLOGY ABSTRACT in the subject area of the email.

The event will begin at 1:30 pm at the Manor in West Orange, New Jersey. After the scientific presentations, a dinner will be served followed by a guest speaker. We look forward to your active participation.

Sincerely yours,

David Gallison

David Gallison, DO
