January, 2010

Dear Resident Program Director,

On Wednesday, May 5th, 2010, the Oncology Society of New Jersey will host a scientific forum devoted to Clinical Cancer Research in New Jersey. We hereby invite interested residents and fellows to submit abstracts of current clinical research projects and/or case reports on topics relevant to hematology and oncology. PLEASE ENCOURAGE PARTICIPATION BY THE PHYSICIAN TRAINEES IN YOUR PROGRAM.

Scientific papers should be no longer than 500 words, submitted as a Microsoft word file, sent as an email attachment to Linda Bartolo, Executive Director, Oncology Society of New Jersey at [lbartolo@successcomgroup.com](mailto:lbartolo@successcomgroup.com). Awards will be given for outstanding work. Please indicate that the paper/case report is being submitted by a resident or fellow, as the case may be.

Submissions must be received by March 25, 2010. Please include full contact information. Those who submit papers that are accepted for presentation will be asked to deliver a ten minute presentation, to be followed by a five minute discussion period. If the paper is not accepted for presentation you may be asked to prepare a poster to be displayed at the meeting.

**IMPORTANT:** Please put ONCOLOGY ABSTRACT in the subject area of the email.

The event will begin at 1:30 pm at the Manor in West Orange, New Jersey. After the scientific presentations, a dinner will be served followed by a guest speaker. We look forward to your active participation.

Sincerely yours,

*David Gallison*
